We do not understand how the nonsensical distinctions the the BSS pole banner section is making, can be allowed to restrain the Melrose BID from promoting the revitalization of our street, which is a City partnership. How can we correct this situation? If a correction cannot be accomplished, we would like to meet personally with the Councilman on this issues as soon as possible. Joan, what can we do here? We need action, not talk. Can we involve the Public Works Board member here? Or do we simply need a change in policy? Please let us know as soon as possible. We've been put off by the City bureaucracy for more than a year!

Sorry to be so blunt but after a year, this is wearing on us! It needs to be fixed, not explained.

Let's discuss: what are the issues? what about the requested consolidation of permits? what about the permit type?

Most importantly, when can we have our Melrose poles back?
